About the book

In the first half of his unique and inspiring book, William Fraser shares a no-holds-barred account of the miraculous events that shaped his life – from the chance meeting with a film director which led him to infant stardom, to his enviable ability to attract whatever he wanted in adulthood.

But this ability was a double-edged sword. In his darkest hour, desperate to bring some joy back into his life, William travelled across the Atlantic – unaware that he was taking a journey towards an enlightenment that would change him forever. One sunny morning in Miami, the answer came to him in a moment of peace and clarity. In the second half of his fascinating book, this life-changing answer is William's gift to you.

About the author

William lives in Great Yarmouth with his wife Lucy, while his four children, now all in their thirties, live in various parts of the world. Although retired, he keeps himself busy playing an active role in running workshops and giving practical demonstrations.
