

CONTROLLING Charlotte x x

Charlotte Hains

Charlotte knows that the only way to truly win Lloyd's affections is by regaining her self-control, but this is difficult.

She loves him and he's awoken a passion she never felt before, but as he puts her through her paces she questions whether she can ever live up to his expectation.

As Charlotte blunders her way through her new life and starts to find herself, can Lloyd keep control? Or will Charlotte eventually get what she wants on her own terms?

About the Author

Charlotte Hains left the UK for France after deciding she needed a change, taking on the huge project of renovating a house. In the UK her life consisted of getting up, going to work, coming home, going to bed, and just surviving. She now enjoys French life within the community of the village in which she lives, and feels privileged to be part of it. She describes her French neighbours as fantastic, offering her help in every way they can, and says she might have given up long ago if they hadn't been so understanding.

With her house nearly finished she found herself with long nights and lots of thumb twiddling, reading anything she could get on her iPad. In honesty, she admits it was here that *Fifty Shades of Grey* caught her eye. Unbeknownst to her, her sister was reading it as well. Her sister thought that, because Charlotte has such a creative side, maybe she'd be able to write a book too. As a joke, Charlotte emailed her sister her stories, also written on her iPad. She researched blogs and BDSM sites on the internet, and so Charlotte came alive. *Controlling Charlotte* is the second in the series.
